

**Day 2  
WORKSHOP**

**2<sup>nd</sup> GPS-CRGP Symposium  
WORKSHOP: GLOBAL PROJECTS FOR THE 21ST CENTURY**

**Friday, August 25th, 2006**

**Distribution (the workshop is for):**

Organizations and individuals participating in GPS or CRGP; professors Hans-Georg Gemünden, Risto Salminen, Knut Samset, Anders Söderholm, Kim Wikström and their researchers, doctoral students and associates; scholars and industry associates of GPS and CRGP (e.g. Japanese Marine Science, Bechtel, Akin Gump, Baker & McKenzie, Gerald Hines, Parsons, etc.)

**Note:**

The forenoon workshop until 11 am includes an internal meeting of CRGP-GPS project teams. Then, after this internal forenoon meeting, the afternoon part of the workshop is open for all of the individuals and organizations noted above. These individuals are welcome to participate in a lunch at 11.00 in TUAS House cafeteria and to join the afternoon session.

**Registration:**

Please register to Mr. Jussi Lehtinen, [jhlehti2@cc.hut.fi](mailto:jhlehti2@cc.hut.fi), by submitting your name, title, affiliation, and contact data; deadline for registration is August 15, 2006.

**Location:**

Hall TU5 at TUAS House at Helsinki University of Technology (HUT) campus, Street address; Otaniementie 17, Otaniemi, Espoo  
(Map at <http://www.tuta.hut.fi/location/sijainti.php>)

**2<sup>nd</sup> GPS-CRGP Symposium  
WORKSHOP: GLOBAL PROJECTS FOR THE 21ST CENTURY**

**Friday, August 25th, 2006**

**9.00-10.00                      Launch of CRGP-GPS special issue on  
Global Project Management in  
Scandinavian Journal of Management**

Background of the idea: Janne Tienari, Editor of the Scandinavian Journal of Management, has suggested us to edit a special issue under the rubric: Global Projects: Strategic Perspectives. In order to proceed, we need to:

- brainstorm about the focus and the scope of the special issue
- identify a set of potential authors from within and beyond our group
- discuss and outline the Call for Papers

Preparatory work:

- For the brainstorming: Read and develop the ideas from the “Global Projects” draft paper circulated earlier this year by Dr. Ryan Orr
- For the Call for Papers: Prof. Risto Tainio will produce a quick first draft for others to comment in the beginning of August

**10.00-10.15                      Coffee**

**10.15- 11.00                      Other future collaborative outcomes**

**1. Global Projects-article**

Discuss, brainstorm, and plan a possible joint article on “Global Projects”

*The idea is to capture the good ideas from the brainstorming session as a collective-work product and to map-out a way forward;*

**2. CRGP-GPS Book Project**

Brainstorm different possible titles for the book – i.e. Global Project Business, etc, and the major messages we want to deliver.

Discuss about the Table of Contents of the book (Parts and their possible subtitles) and discuss about alternative audiences, who might be interested and publishers to be approached

*Before the meeting, everyone should think and make a short draft on the theme they would like to write.*
